Reunión (Birds of a Feather) sobre uso y administración de clusters de ordenadores:

Moderator, Javier Cuenca (Univ. of Murcia)

In this informal meet-up we have grouped together a set of users and managers of different parallel and distributed platforms, from clusters of a few PCs to grid platforms. Each one of the attendees will describe the more general characteristics of his platform, as well as its distinctive features.

Participants:
Luis Pedro García (Univ. Politécnica de Cartagena), prometeo
José Juan López (Univ. Miguel Hernández), marenostrum
Pedro Rojo (Univ. of Murcia), sol
Miguel Bernabeu (Univ. Politécnica de Valencia), rosebud
Pedro Alonso (Univ. Politécnica de Valencia), heterogeneous
Emmanuel Jeannot (INRIA), GRID5000
