

Meeting on

# PARALLEL ROUTINES OPTIMIZATION AND APPLICATIONS

Facultad de Informática, Universidad de Murcia  
May 26-27, 2008

Two foreign speakers (this is why the languages are Spanish and English)

26th, 13:00-14:00

Yves Robert:

Algorithm design and scheduling techniques for clusters and grids

27th, 13:00-14:00

Leonel Sousa:

Stream-based concurrent computational models and programming tools

## May 26

15:45-16:45 Business and administration

15:45-16:25 Isidro Cano (Hewlett Packard española)

16:25-16:45 María Eugenia Requena (Parque Científico de Murcia)

17:00-18:45 Parallel programming

17:00-17:35 Anna Morajko (Univ. Autónoma de Barcelona)

17:35-18:10 Juan Fernández (Univ. de Murcia)

18:10-18:45 José Carlos Cabaleiro (Univ. de Santiago de Compostela)

19:00-20:45 Parallel computing applications

19:00-19:35 Ester Martín (Univ. de Almería)

19:35-20:10 José Penadés (Univ. de Alicante)

20:10-20:45 Pedro Enrique López (Univ. de Murcia)

May 27

9:30-11:30 Posters and material

Books

Master programs

Posters: on-going projects, master thesis, ...

12:00-13:00 Panel

La programación paralela en los nuevos estudios de grado y posgrado

Eduardo César (Univ. Autónoma de Barcelona)

Enrique Quintana (Univ. Jaume I de Castellón)

Antonio M. Vidal (Univ. Politécnica de Valencia)

## ORGANIZATION

- LUNCH and DINNER

  - LUNCH at the University, in the “Centro Social”

    - Those who have a ticket can give the ticket

  - DINNER in the “tascas”

    - Confirm at the desk

- TRAVEL to and from MURCIA

  - Those who haven't a car can contact at the desk
